RESPONSE TO OFFICE ACTION
REQUEST FOR RECONSIDERATION

Dear Sirs:

This is a response to the Office Action mailed on June 28, 2002. A one month extension of time is requested. Applicants respectfully request reconsideration of the application in view of the following.

IN THE SPECIFICATION

Please replace the paragraph(s) at the following locations with the replacement paragraph(s) indicated below. An attachment is provided showing the revisions, captioned "Version with markings to show changes made."

At page 36 lines 23-31:

The enteral formula can be sterilized and subsequently utilized on a ready-to-feed (RTF) basis or stored in a concentrated liquid or a powder. The powder can be prepared by spray drying the enteral formula prepared as indicated above, and the formula can be reconstituted by rehydrating the concentrate. Adult and infant nutritional formulas are well known in the art and commercially available (e.g., SIMILAC® nutritional product, ENSURE® liquid nutritive preparation, JEVITY® liquid nutritive preparation and ALIMENTUM® infant formula from Ross Products Division, Abbott Laboratories). An oil or acid of the present invention can be added to any of these formulas in the amounts described below.
